Apartment Complex of the Year

Winner:

Cabe Developments Pty Ltd for project at Narrabeen

The judges said, "This apartment complex has been designed beautifully combining aesthetics and functionality to create an indulgent beachside home. The builders have made good use of a site that posed technical challenges, especially in the positioning of the car park, which was built below the road and pool. The occupants are serviced well by the multiple access points, gym, pool and pleasing aesthetics of the building, where earthy tones have been used and carefully considered to ensure the building blends into the surrounds".
